Short Items of News Gathered on the

Fly by the Chronicle's Reporters. Four thousand dollars of old bonds were exchanged at the state treasury yesterday.

The county convict force began work this week on the Holleman road, leading south from the city.

And still they come. Another convict was received at the penitentiary vesterday from Burke county.

W. B. Hunter, colored, has been appointed, on probation, to the position of assistant mailing clerk in the post office.

And now there is a rumor affoat that Raleigh will have a new evening paper, and that it will be called the "Evening Capitol.'

The Globe says: Durham smoking tobacco sells in London for about two dollars a pound. The custom house duty on it is eighty-four cents a pound.

There is some base ball talk going on. but no move toward an organization in Raleigh so far. Charlotte is ready to enter the State league. Will Raleigh have a share in it?

Some Raleigh Capitalists are reported to have gone to Greensboro on a pros pecting tour with a view to investing in land. They are the kind of men who wait till somebody starts a business boom, and then try to get the benefits. It's mighty smart in them, but its | Col. Eurgwyn. mighty mean too.

"People think the way to get the capifor the northern markets. His wife actal of the State here, is to bring the Capitol here. Our plan is to first bring the capital and then the Capitol; and this is being done in a very handsome manner. Is'nt it a CAPITAL idea?" This is Greensboro Workman chat.

William Lynch was arrested in White Oak township night before last on charge of illicit distilling by Deputy John R. Upchurch. He was brought to the city yesterday, and after a hearing before Commissioner Purnell, was committed to jail in default of bail.

The sale of the Blackwell Tobacco Works in Durham to a London syndicate grows more and more probable every day. A representative of the syndicate was in Darham this week, and after inspecting the plant left two experts there to examine the books of the company with a view to learning something of the status and merits of the busi-

Dr. Thomas Hume, of the University, has written a letter consenting to act as judge in the matter of determing upon the excellencies of the prize musical essays to be read here on the evening of the grand concert, to be given by The King's Daughters; but he has called to his assistance Dr. Alexander and Prof. Cain, both of the State University, and this committee of three will decide which essays are entitled to the prizes offered.

4.+. FIREMEN'S FUN.

The Boys on the Qui Vive About the Tournauent .- The Raleigh Department will be well Represented at Charlotte.

Charlotte will have a great "Twentieth of May" celebration this year and among the special features will be a State Firemen's tournament. To-night the citizens of Charlotte will hold a mass meeting to inaugurate preparations for the occasion. They expect to have the grandest firemen's display ever known in the State.

Mr. E. B. Engelhard, of this city, President of the North Carolina Firemen's Association, and also Chief of the Raleigh Fire Department, has written to Charlotte that Raleigh will be well represented at the tournament. He has also written: Just as soon as I receive an official request from the chairman of your tournament committee, naming the date on which your city desires the tournament, I will call a meeting of the executive committee of the association at Greensboro, and make a call for the meeting of the association at the same time.

Just now the Capital Hose Company of Raleigh is taking more interest in the event than any other Raleigh company; but the Independents are talking about it, and will doubtless arrange to attend. The Capital boys are "panting for the fray," and are almost too impatient. They anticipate the award of handsome prizes, and they want to win themevery one of 'em. It is more than probable that they will do this, and it is certain that they will appear as the handsomest company and show the best outfit of all the companies that shall be on Hall, he will be introduced by Gover- nearly a half century and has \$44,629,the ground.

The CHRONICLE here and now promises the boys a handsome ovation on their victorious return.

A Lamp Explosion and a Small Fire

Last night about 8:30 o'clock a fire alarm was turned in from box No. 4, loeated at the water tower. The fire department was on the go almost with the first strokes of the bell, and found the cause of the alarm to be at the Exchange Hotel, on Hillsboro street. A by Mrs. J. W. Foy, and filled it with flames. The inmates of the hotel fought the fire and subdued it before the services of the fire department were needed. The damage was the burning of the carpet, a bureau and a portion of the baseboard of the room.

THE FEDERAL CEMETERY.

Working for a Macadamized Roadway -- After a Government Appropria-

When Mr. Jno. Nichols was the Congressional representative from this district, he introduced a bill for an appropriation to macadamize the roadway leading to the Federal cemetery, located southeast of the city. The amount asked for was \$20,000, and it is said that the bill only failed because of want of time for its consideration during that

Rev. D. L. Schively who, until re cently, was keeper of the National cometery here, has just written to Congressman Bunn, urging him to exert his influence in having such a bill passed, and Mr. Schively thinks there will be no difficulty except as to time, in getting it through, if proper efforts are made. It has been the policy of the government to make such appropriations, and many cities in the Union, by this means, have secured, and now have

the advantage of such roads. The Chronicle is of the opinion that Mr. Bunn will take up the matter earnestly, and hopes he will have immediate success. Besides the comfort and convenience of such a roadway, the distribution of the money among the laborers who would build it, would be wonderfully beneficial and encouraging at this time.

On Matters Cheering to the Inner Man.

CAREY J. HUNTER,

State Agent,

Raleigh, N. C.

If there is any one thing well established it is the fact that the better the food a man eats the better the man. It is therefore the essence of folly to eat meats which offend and irritate that portion of the anatomy when meats that will cheer and comfort are attainable under the same conditions and at the same cost. This is just precisely what Mr. J. Schwartz, the "veteran old meat man" thinks. He believes that common sense is largely predominant in Raleigh people, and that they will have good meats if they are procurable. He keeps nothing but the very choicest of all meats and that is why his business is so makes these announcements almost daily, and here he is again with one announcing that he is ready to fill any order with the choicest beef, mutton, pork, &c., that can be found in a careful search of the whole country. His stall is on Fayetteville street, and he invites you to pass by and look in. tf

A BREAK IN COTTON. AN UNLOOKED FOR DECLINE --

A POSSIBLE STRIKE THE CAUSE.

NEW YORK, March 12.-Messrs. Hubbard, Price & Co., in their cotton circular to-night say: A decline in Liverpool was looked for last evening, but no one anticipated such a break in valnes as occurred there to-day and the explanation must be found outside of the cotton trade. Cables received this afternoon state that the market was affected Robins. 2 1-2 to 3c Spotted hog, by the fear of an important strike by coal miners for a further advance in wages which would greatly disarrange the home trade. Locally cotton has Turtles, 25 to 75c Pine straw, been barely steady and closes at the lowest quotation. Receipts at New Orleans to-morrow are estimated at 2,500 bales.
